

## **Meet Dr. Jashleen Bedi**

*Ann Arbor, MI*

### **1) What made you want to become involved in the GLAO?**

After being out of residency for 10 years, I felt that the next step in my professional development would be to get involved in leadership and organized dentistry. The GLAO is an amazing place to practice orthodontics! The GLAO is not only very active in terms of leadership but also in advocacy. Advocacy and influencing policy is another reason I got involved in GLAO leadership, who best to represent our interests other than us! I encourage anyone interested in leadership to get involved, the GLAO is an amazing, supportive group.

### **2) What location is on your bucket list and why?**

If you have ever met me, you know I love to travel! I lived in Germany for a few years after residency as an expat. Through this experience, I traveled so much of Europe. I never got up to the nordic countries and would love to take the train that goes through the Baltic Sea!

### **3) What are you most excited about for the Annual Session?**

I am really looking forward to the annual session this year in New Orleans! Our day to day lives are so busy, I look forward to the annual session where I get the opportunity to connect with colleagues and friends that I do not get to see enough. I also am looking forward to the lectures that will bring about new ideas for my practice as well as the many motivational speakers that are lined up for the whole weekend.
